SUMMARY

Full Stack Engineer currently at SYNCONIC (Pvt) Ltd, with 1+ year of professional experience building scalable web applications across the full SDLC. Skilled in Next.js, Angular, C#, and .NET Core, with hands-on cloud deployment on Microsoft Azure and Azure DevOps. Strong foundation in database design (PostgreSQL, MS SQL, MySQL) and RESTful API architecture. Passionate about clean architecture, problem-solving, and continuous learning.

TECHNICAL SKILLS

Frontend	Next.js, React, Angular, Tailwind CSS, HTML5, CSS3, JavaScript
Backend	C#, .NET Core, ASP.NET Core MVC, RESTful APIs, Node.js
Databases	PostgreSQL, MS SQL Server, MySQL, Supabase, Entity Framework
Cloud & DevOps	Microsoft Azure,Azure DevOps, GitHub Actions, CI/CD, Vercel, Netlyfy
Tools	Git, Visual Studio, VS Code, Postman, Swagger, Figma

EXPERIENCE

Software Developer

Sep 2025 – Present

SYNCONIC (Pvt) Ltd · Colombo, Sri Lanka

- Build and maintain core software products, internal platforms, and client solutions across the full development lifecycle.
- Architect RESTful APIs using .NET Core, and design database schemas in PostgreSQL, Supabase, and MS SQL Server.
- Deploy cloud-based solutions on Microsoft Azure, using Azure DevOps for CI/CD pipelines.
- Collaborate with cross-functional teams in an agile environment, following modern engineering practices.

Software Engineer Intern

Oct 2024 – Mar 2025

SYNCONIC (Pvt) Ltd · Colombo, Sri Lanka

- Contributed to .NET and C# application development, including feature enhancements and debugging.
- Gained hands-on experience with Microsoft Azure, deploying cloud-based solutions.
- Worked closely with senior developers on code reviews and engineering best practices.

PROJECTS

ROCHEE Fashion

Next.js · Tailwind CSS · Framer Motion · Vercel

rochee-fashion.vercel.app

- Premium luxury fashion brand website with custom multi-font design system and full SEO metadata.
- Implemented scroll progress, parallax animations, Instagram gallery, and newsletter integration.

PROJECTS (CONTINUED)

AKNursingCare

ASP.NET Core MVC · C# · MySQL · EF Core · Azure

aknursingcare.azurewebsites.net

Nursing care platform with admin/user roles, built on clean architecture (business, contracts, entities, shared).

Implemented BCrypt authentication, MailKit email service, and CI/CD via GitHub Actions.

Kingdom of English

Next.js · Tailwind CSS · Vercel

kingdom-of-english.vercel.app

Language institute website (IELTS, PTE, German Visa) with custom royal/gold theme.

Built mobile-first responsive layout with section-based architecture.

EarnPilot

HTML5 · Modular CSS · JavaScript · Netlify

earnpilotv1.netlify.app

Online earning education platform built with component-based HTML and CSS variable design system.

Multi-page structure deployed via Netlify.

EDUCATION

BEng (Hons) Software Engineering — 2024 – 2025
London Metropolitan Campus — **Second Upper Class**

HND in Software Engineering — 2022 – 2024
Pearson UK — **Distinction**

Diploma in Information Technology — 2022 – 2023
Pearson UK — **Merit**

G.C.E. A/L — Maths Stream — 2018 – 2021
Harishchandra National College

G.C.E. O/L — 2017
Harishchandra National College

CERTIFICATIONS

Real Estate Practitioner — Pro Realtor Academy

PostgreSQL Database Administration (DBA) Masterclass — Udemy In Progress

SEO Course — Udemy In Progress

LANGUAGES

English — Professional

Sinhala — Native
